

Montana Tunnels Update

Denver, Colorado – May 2, 2008 - Apollo Gold Corporation (“Apollo”) (TSX: APG) (AMEX: AGT) announced today that following the shutdown of the mill at Montana Tunnels last Sunday, April 27, 2008, which was announced in the press release dated April 28, 2008, the repair to the ball mill will take an extra week in addition to the two weeks previously announced and therefore the mill is scheduled to commence operations in the week commencing May 19, 2008.

Apollo Gold Corporation

Apollo is a gold mining and exploration company which operates the Montana Tunnels Mine, which is a 50% joint venture with Elkhorn Tunnels, LLC, in Montana, the Black Fox advanced stage development project in Ontario, Canada, and the Huizopa project, an early stage exploration project in the Sierra Madres in Chihuahua, Mexico.

FORWARD-LOOKING STATEMENTS

This press release includes “Forward-Looking Statements” within the meaning of section 21E of the United States *Securities Exchange Act* of 1934, as amended. Forward-looking statements can be identified by the use of words such as “may,” “should,” “expects,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “intends,” “continue,” or the negative of such terms, or other comparable terminology. All statements regarding estimated repair times for the Montana Tunnels ball mill and continuance of production at Montana Tunnels are forward-looking statements that involve various risks and uncertainties. There is no assurance that the proposed repair of the Mill will be completed on schedule. All forward-looking statements included in this press release are based on information available to Apollo on the date hereof. Apollo assumes no obligation to update any forward-looking statements.
